15:45:55

This text is a Handlebars'  
normal placeholder:

Lorem ipsum dolor sit amet consectetur a  
dipisicing elit.

This text is rendered using  
Handlebars' built-in "#if" helper:

Flag is defined!

These words are rendered  
using Handlebars's built-in  
"#each" helper:

- ABCD
- EFGH
- IJKL
- MNOP
- QRST

These names are rendered by a nested object in "script.js" file coming from the the template bundle:

- Sarah
- John
- Alex
- Daniel
- Helen
- Jessica

These color names are  
rendered by a nested object  
coming from the get  
parameters:

Raw data:

```
{"hot": ["Red", "Yellow", "Orange"], "cold":  
["Green", "Blue", "Gray"]}
```

Processed data:

- Green
- Blue
- Gray
- Red
- Yellow
- Orange

These pairs are rendered by a plain object coming from the get parameters:

Raw data:

```
{"Age": "38", "Name": "John Doe", "Birthday": "1985/20/06", "Address": "Silicon Valley"}
```

Processed data:

- Age: 38
- Name: John Doe
- Birthday: 1985/20/06
- Address: Silicon Valley
